

## **Foredown Tower Astronomers Annual General Meeting**

Held at The Emmaus Community Cafe on 17<sup>th</sup> January 2019

Meeting opened 19:35

The positions of Chairman, Treasurer, Secretary & SAGAS Representative were up for election.

The current post holders were happy to stand for re-election. None of the membership chose to stand for any of the positions.

Proposers and seconds were taken for each position and the current post holders duly re-elected.

John Davies – Chairman & Secretary  
Peter Fishenden – Treasurer  
David Inman – SAGAS Representative

Anne Moore, Mike Feist & Jerry Day agreed to continue sitting on the FTA committee to represent the membership.

The treasurers report was heard indicating a decrease in the society's net assets (down by around £200 over the year). It was noted that much of this was down to using more costly speakers in 2018.

Any member wishing to see the breakdown of the accounts to contact Peter.

To help improve the society's finances a proposal was made to the membership to move back to the Foredown Tower to reduce the room rental costs. The membership was consulted and it was considered a good idea. Some of the less mobile members were asked if the move would present a challenge for them and they said it would not.

John Davies took the task of thanking Emmaus for their assistance over the last few years and informing them of the decision. The first meeting back at the Foredown Tower would be in March.

AGM Closed: 19:50 (approx.)
